## Head Herald Staff

Vernon Stone, Editor-in-Chief

Bill Ford, Business Manager

## Stone, Ford Head Staff Of College Heights Herald

Two English majors who plan to make journalism a profession are at the head of the 1950-'51 staff of the College Heights Herald. Vernon Stone is starting his second year as editor-in-chief, and Bill Ford is making his debut as business manager of the bi-weekly publication.

Stone, a senior from Woodburn, was graduated from Bristol High school as co-valedictorian in 1947. At Western, he is minoring in history and economics-sociology and will receive his degree in June, 1951.

**Second Year As Editor**  
The returning editor-in-chief is the second person in the 25-year history of the Herald to hold this position for more than one year. The only other plural-year editor was Charles Patterson, 1929-32.

Last December the editor represented the colleges of Kentucky at the 54th Annual Congress of American Industry in New York.

He plans to do graduate work in journalism.

Business Manager Ford is a junior from Dawson Springs, where he was graduated from high school in 1948.

## Western Enrolls 1720 Students

At the close of registration September 25, college officials announced an enrollment of 1720 full time students. In addition there are 460 enrolled in the Training School and 87 at the Western Trade School, bringing the total in all departments to 2267.

This figure, about 100 less than last fall, is in line with a general trend throughout the nation. The decrease was attributed to an almost total lack of freshmen enrolling under the G. I. Bill of Rights and to the departure of one of the largest graduating classes in Western's history.

A total of 251 students was graduated last June and an additional 214 in August.

He edited a high school paper, the Panther Patter, and worked last summer in the composing room of the Dawson Springs Press.

At Western, the English major is minoring in history and is a member of advanced Air ROTC.

**To Enter Advertising**

Ford plans to enter the advertising phase of newspaper work, while Stone is interested in reporting and feature writing.

Last year's business manager, Harold Markle, received his A. B. in August and is now in Louisville.

Society editor for this year's Herald is Kathryn Smith, a junior English major from Bowling Green. She replaces Cora Jane Morningslar, AB'50, who served in that capacity for three years.

Pre-med senior, Pat Shaver, Tell City, Ind., continues as sports editor. Ben Sanders, BS'50, who was sports editor for most of last year, is now at the University of Louisville school of medicine.

Replacing Omer Gosnell, BS'50, as cartoonist is Raymond Lewis Cravens, a junior history major from Phil, Ky.

Mildred Kaufman, senior English major, is starting her third year as typist for the Herald.

**Published Bi-Weekly**

The College Heights Herald is published every other Friday under the general management of E. Kelly Thompson, assistant to the president. Miss Frances Richards is faculty sponsor.

A member of the Columbia Scholastic Press Association, the Herald was rated Medalist in national competition by CSPA last year. This is the highest honor conferred on a college paper by CSPA.

## Illness Ends In Death For Dr. Billings

Dr. M. L. Billings, 67, head of the psychology department at Western, died August 23 at his home, 1039 Broadway. He had been in failing health several months.

Funeral services were conducted at the Bowling Green Presbyterian church. The Rev. Robert C. Patterson, pastor, officiated. The body was taken to Adrian, Mich., for funeral and burial services August 26.

**Served 24 Years**  
Dr. Billings, member of the Western faculty for 24 years, was born at Adrian, November 21, 1882, son of the late Marion F. and Matilda Bostwick Billings.

He was graduated from Central Michigan State Teachers College and in 1909, received his Bachelor of Arts degree from the University of Michigan. The following year, he received his Master of Arts degree from the same school.

At the time of Dr. Billings' death, his family requested that all of his friends send no flowers for the funeral. This request was made in order that money ordinarily spent on flowers might be put into a fund to help worthy students in their college work. Such contributions to the Marion Leroy Billings Memorial Fund for worthy students are still being received.

Anyone wishing to make a contribution to this worthy cause is asked to send it to the Marion Leroy Billings Memorial Fund, in care of Western Kentucky State College. A committee is to be appointed to administer all funds received.

The committee is made up of Dr. Earl A. Moore, chairman, Miss Frances Richards, Dr. C. H. Jagers, Dr. J. R. Whitmer, Kelly Thompson, E. H. Canon, and President Paul L. Garrett.

Dr. Billings was an instructor at Central Michigan State Teachers College from 1910 until 1920. While there, he enrolled at the University of Chicago and did graduate work in educational psychology.

During World War I, he was employed in the aircraft department at Goodyear, Rubber Company at Akron, and later spent five years as production manager of Raymond Garage Equipment Company at Adrian.

**Organized Department**

## Religious Emphasis Week Starts October 31

Dr. N. C. McPherson, pastor of the St. Johns Methodist church, Memphis, Tenn., will be the feature speaker during Religious Emphasis Week, which will be held on the campus October 31-November 2.

The Western Religious Council is sponsoring the annual Religious Emphasis Week. Local pastors will act as seminar leaders. Dr. McPherson will lead services at ten o'clock each morning in Van Meter hall, and at 7:30 each evening in the Little Theater.

Dr. McPherson is the author of several books and many of his sermons have been published in pamphlet form.

## Classical Assn. To Meet Here

The annual meeting of the Kentucky Classical Association will be held on the Western Campus Friday and Saturday, October 20 and 21. The program begins Friday afternoon with the first session being a combined meeting of the Kentucky Classical Association of the English and foreign language sections of the Third District.

The speaker will be Dr. Joe Allen Bryant Jr., AB '40, of Vanderbilt.

On Friday afternoon the F.C.G. Classical club will be host at a tea at the Kentucky Building at 4:00. For the evening session there will be a program consisting of ballads sung by Dr. George C. Grise, AB '40, of Austin Peay, and a speech by Dr. Bryant on the Classical Traditions of Ben Jonson.

Saturday morning at the Kentucky Building there will be a speech entitled "Language Teaching at the Middle-Century," by Austin Lashbrook, AB '42, from University High School, University of Illinois.

After the speech there will be a work shop of teaching problems for high school teachers. Dr. Carr, visiting professor at the University of Kentucky is to be the chairman of the work at the discussion.

Rev. Paul Brophy of Villa Madonna at Covington is president of the Association this year.

## Class Meetings Set For October 13

The first class meetings of the school year 1950-51 will be held October 13. These meetings are held the second Friday in each month and are called to order at 10:00 a. m.

The freshmen will meet in Van Meter auditorium, sophomores in the Music building, juniors in the Cedar House and seniors in the Little Theatre.

Jesse Stuart and W. A. Early will be the principal speakers at the Third District Educational Association to be held here, Friday, October 20.

Jesse Stuart, noted Kentucky author and poet, was born near River-ton. He worked his way through high school and college and has had one year of graduate study at Vanderbilt University. His poems and stories have appeared in the leading periodicals of the country. One of his books, "Taps for Private Tus-sie", was a Book of The Month Selection.

Mr. W. A. Early is superintendent of schools at Arlington, Va. It was at his school system that the March of Time filmed "The Fight for Better Schools". Mr. Early is past president of the National County and Rural Area Superintendents.

These two speeches, to which students are invited, will begin at 10 o'clock the morning of October 20.

The superintendence officers will have their annual dinner meeting on Thursday evening preceding the Friday morning and departmental meetings will be held Friday afternoon.

President of the association is Mitchell Davis, Superintendent of Barren County schools. The vice-president is George Taylor, superintendent of city schools in Central City, and the secretary is Dr. Warner M. Willey, of the Western Education department.

In view of the large crowd expected to attend the TDEA programs Friday, students have been requested to occupy balcony seats.

## Injury Fatal To Doug Smith

Doug Smith, Ogden College, AB '26 and former student of Western lost his life after an automobile accident Saturday, September 30, near Lawrenceburg.

The 45-year-old Elizabethtown coach died in the ambulance to which he was removed after the automobile in which he was riding collided with a truck.

Luther Neil, who was driving the car in which the party was bound for the Mississippi-Kentucky game, was instantly killed when a truck struck the automobile head-on. The truck reportedly had moved to the center of the road to avoid a horseback rider.

Prior to accepting the Elizabethtown coaching position four years ago, Mr. Smith was director of athletics at Bowling Green High for 19 years.

At Ogden College, after seeing little action in the first half of a basketball game with Bethel, Mr. Smith finished the game with the long-standing Kentucky College scoring record of 38 points.

A three letter man in sports, he is remembered by Coach Ed Diddle as an outstanding catcher on the Western baseball team. Mr. Smith was also active in organized baseball outside of the college.

## Concert Series Tickets To Go On Sale Monday

The seventh annual Membership Campaign of Community Concerts for 1950-51 will begin on Monday, October 9, and will end at noon Saturday, October 14. Will B. Hill, vice president and general manager of the Concert series has announced.

Students desiring to buy tickets, good for memberships, may purchase them from student salesmen until October 14 or may secure them at the main box office in the foyer of Cherry Hall between October 9 and October 14. All students are given the opportunity to buy memberships at 50 per cent discounts, or \$3.00 each, good for all four concerts.

A large group of student workers will compete to see who can obtain

the greatest number of memberships. Headquarters will again be maintained in the foyer of Cherry Hall, where student workers may check their sales and receive additional blanks as needed.

**Sellout Expected**  
Last year nearly 800 student memberships were bought and the seating capacity of the college auditorium was sold out. Mr. Hill expects another sellout.

It is a policy of Community Concerts to announce only one of the four article programs in advance, the others to be announced immediately following the campaign's close when the budget is complete.

Since there is no profit to anyone

## Seven Added To Faculty As Fall Semester Begins

Seven new members joined the Western faculty for the fall semester in order to fill vacancies in the teaching staff.

Dean F. C. Grise announced the new faculty members as follows: Dr. R. Paul Terrell, AB '37, geography; William A. Corpe, MS, biology; Travis D. Rawlings, MA, psychology; Allen R. Sigel, MMus., band director; Albert A. Davis, MS, agriculture; Robert L. Coppersmith, MSA, agriculture; and D. K. Wilgus, MA, English.

Dean Grise also announced that the following teachers have returned to the faculty after a leave of absence. Joe Howard, teacher of education, has returned from a leave of

absence for graduate study at Columbia University during the year 1949-50.

Mrs. Nell Travelstead, music, has returned after a leave of two years of teaching in Florida. Russell Miller, English, has returned from a leave of absence during the summer for graduate study at Columbia University.

The following teachers have been granted leave of absence to do graduate work. Willard Cockill, geography, is doing graduate work at the University of Tennessee. Ralph Tusnesser, psychology, is taking graduate study at George Peabody College. Willson Wood, English, is also attending George Peabody College to pursue graduate study.

## Will Be Remembered

The death of Dr. M. L. Billings removes from the faculty of Western one of its strongest and most influential leaders. The community as a whole also loses an outstanding citizen who contributed freely to numerous public undertakings.

Dr. Billings' energy and devotion to public organizations with which he served without thought of recompense was amazing. For 20 years he was a member of the Salvation Army Board of Directors, and for 12 years head of the city's Parks and Playgrounds committee. Public service on his part also went to the Kiwanis club, the Boy Scouts, the U. S. O., his church, his lodge, and any other group to serve humanity.

Every student who had the fortune to know him will remember Dr. Billings for his mature philosophy of education and life, for his eager interest in every student as an individual, and for his homespun sense of humor. Kipling called it the ability to "walk with kings, nor lose the common touch."

Students in years to come will remember this man through the Marion Leroy Billings Memorial Fund, to help worthy students in their college work.

Dr. Billings will be remembered as a great teacher, a devoted family man, a Christian, and a cultured gentleman keenly interested in the people about him.

## Newspaper Week

"The basis of our government being the opinion of the people, the very first object should be to keep that right. Were it left to me to decide whether we should have a government without newspapers or newspaper without government, I should not hesitate a moment to prefer the latter."

Those words by Thomas Jefferson are as timely today as when he wrote them. Whenever the press has been suppressed, the people have always lost their basic liberties.

This week (Oct. 1-8) has been officially proclaimed National Newspaper week. The College Heights Herald joins with papers across the nation in dedicating this week to the development of a greater mutual interest between the public and its press.

A college newspaper should be a more vital force than are most other publications because college readers are expected to be better informed than the masses. The college student, if our institutions are serving their purpose, should be a good newspaper reader.

A publication can grow only through constructive criticism, and the Herald welcomes any comment which you have on our paper. It's your paper and you the student should use it as such.

Bernard Baruch, elder statesman and former presidential advisor, said in reference to National Newspaper Week, "We cannot act intelligently unless we are intelligently informed. Life without newspapers would be mouldy."

"The idealist places a woman on a pedestal. The practical man comes right along with a ladder."  
—Hal Boyle

Benjamin Franklin, printer and editor, has been termed by one historian as "the one man of vision" in the colonial resistance of oppression.

Radio newscasting has made the public more interested in reading news.

"I told them that Groeschle wouldn't want his room locked up!"

## Mind Your Manners

By EVELYN BAILEY

Most of the pleasures and excitement connected with the beginning of a new school year come from the meeting of new people. However, many do not find this enjoyment in full because they are scared into solitary seclusion by that strange little animal, Mr. How Do You Do.

It is impossible for one to avoid Mr. How Do You Do because he pops up anywhere at the most unexpected times. Therefore the best thing to do is learn to meet him face to face and show him you have the mastery of the situation.

Getting down to common sense, we realize that the matter of introduction is an obstacle too small for us to let come between us and our friendship-making. What to say and how to say it are the ingredients of an introduction, and their qualities must add up to make a tasty product. The informal brands seem to be more popular on campus corner than the formal ones when it comes to selecting introducing words.

The best informal words are similar to these: "Mrs. Jay, this is Miss Ray" or "Mrs. Jay, do you know Miss Ray?" Never, never be guilty of saying "Mrs. Jay, meet Miss Ray" or Mrs. Jay, shake hands with Miss Ray." They are bad forms and carry one of those "don't know how" atmospheres.

Will Rogers once said, "No American introduction is ever complete until you tell what the persons do." In so doing you open a way for conversation between the two—a gracious act well appreciated.

Now a few rules about how to say what you say. A boy is introduced to a girl, making the girl's name to come first. (Chivalry, you know.) An example is "Sara Street, this is John Jones." Of course an exception is made if the sir is a more distinguished person than the miss. That being the case, his name would be given first in the introduction, but girls, don't be tricked!

A guide for order of introductions besides that of boys and girls (pardon, girls and boys) is: mother's name, then girl's name; woman's name, then man's name; married woman's name, then unmarried woman's name, older woman's name, then young man's name.

If you happen to be one of those being introduced instead of the one doing the introducing, you also have a little problem of the best things to do and say. Have you ever found yourself in such a situation standing with your mouth open and nothing to say? I'll give you some help for such a case when I get around to doing this sort of thing again. Until then, pleasant meetings and greetings!

ANDY RENICK

An addition to the Hilltopper's basketball team this year is junior-transfer student, Andy Renick. A physical education-history major, Andy is a '50 graduate of Pikeville Junior College, Ky.

While at Pikeville Andy met Mary Margaret Ratcliffe, a cheerleader at the college, whom he married on Sept. 2. She, too, is a graduate of Pikeville, where she majored in music. Andy is 6'3" while Mary Margaret is only 5'3".

The leading scorer for the Pikeville team, Andy was chosen on the All-Kentucky Junior College Con-

ference team both years he was there. His team also won the KJCO tournament and was runner-up in the SEC tournament which is represented by 5 states.

A native of Warren county, Andy was graduated from South Warren High school.

One reason Andy went to Pikeville was that he wanted the adventure of going off to college; second was that he could make the ball team there and get some experience before coming to Western; and lastly, he had heard about the mountains and there he would have a chance to explore them.

Naturally enough, his favorite sport is basketball. Following graduation, Andy plans to teach and to coach basketball.

## Western Sets Record With 62 Marriages

By Vernon Stone

Packaged up on the women's page of the past few issues of the Chicago Daily News is an installment of articles labeled "How to Get a Husband." This dose of feminine pep talks is nothing short of dynamite.

"You can't lose," says the writer, Cora Carlyle, "if you follow the few simple rules that I give you." For two weeks now she's been dishing out those few simple rules, an encyclopedia of alchemy for changing a Don Juan to a hearthside hubby.

ARTICLES LIKE THESE may partly explain why the College Heights Herald is breaking an all-time record this issue. Never in the annals of our little tabloid has a thing like this happened.

Normally I take a deep breath if more than a dozen weddings are reported for one paper. For this Friday's production a grand total of 62 matrimonial transactions were reported to our office.

The records before this deluge of courthouse visits took place were pretty stable. The first fall issues for the past two years have carried 34 announcements each. This may be explained by the intercession between summer school and fall when there's no paper published. But when a two-month period brings up 62 weddings, that's when the record books are left for the janitors to pick up.

Statistics are revealing, says Dr. Kinsey, and this tally of 62 should have some Freudian meaning. Being a novice at this sort of thing, however, all I can do with statistics is to say that 62 licenses would cost about \$320.

"TIS MIDSUMMER MADNESS," Shakespeare would have said and left well-enough alone, but in today's world of geiger counters, vitaminized blonds, repressions, frustrations, and psychopathology, the bard of Avon would be lost.

To explain this marrying, the modern psychologist would perhaps refer to the reactivation of a recurring complex toward the dependency of regressive infantilism. But the rationalizations of the bio-chemist, the psychoanalyst, and the matrimonial sociologist all fall short. Some people blame the draft.

But I'm narrow enough to blame the woman newspaper columnist, Miss Carlyle, confides to her hopeful readers, "Marriages may be made in Heaven, but we women know they are arranged by us—here on earth."

"So, fair daughters of Eve, sharpen your wits and face the fact that you—and you alone—must ensnare your prey. Put on your thinking cap, discover and get ready to utilize the resources which are at your disposal."

So they're utilized.

And so I started looking for an article on "How to Understand Women." Not to be found. We males of the species are supposed to stick to Steve Can't, Dr. Pearson, and the World Series. The rest is managed by little you-know-who.

Which reminds me, from now on I'm going to read tame articles like the Louis-Charles fight, court news, and Dick Tracy. These women's pages are too rugged for me.

## To Bore Or Not To Bore

When one is forced to read a book, it bores him. This probably is the answer to the selection by the Columbia University Press's trade paper, The Pleasures of Publishing, of the following books as the ten most boring classics:

1. "Pilgrim's Progress," Bunyan.
2. "Moby Dick," Melville.
3. "Paradise Lost," Milton.
4. "Faerie Queene," Spenser.
5. "Life of Samuel Johnson," Boswell.
6. "Pamela," Richardson.
7. "Silas Marner," Eliot.
8. "Ivanhoe," Scott.
9. "Don Quixote," Cervantes.
10. "Faust," Goethe.

I have read only four of these, but I found them far from boring. This may have been due to the fact that I was not required to read a one of them.

The classics should still make good reading for the college student, as long as he isn't forced to read them.

## Looking Backward

Twenty-five Years Ago—Orientation sheet distributed to freshmen says, "One—Look at the view from Van Meter steps; Two—Shake hands with at least five people; Three—Read and study every word of this sheet."

Fifteen Years Ago—Western starts weekly radio series over WHAS, Louisville. First program features songs by the College Chorus and a talk by Dr. A. M. Stickles. Announcer for the programs is Dr. Earl A. Moore, also chairman of the radio committee.

Ten Years Ago—Editor Bert Borrono, writing "Hilltoppers," says of Homecoming, "The Western of the present you'll feel around you. And the Western of the future will be there, somewhere in your thought."

Five Years Ago—Veterans swell Western enrollment as first G. I.'s of any number start cashing in on benefit.

One Year Ago—158 coeds occupy modern new dormitory, as male students take over Potter hall—Jack Raymon and reptiles from Reptile Gardens are featured in chapel program.

## Kentucky Building News

By W. H. Simmons

In the entrance hall to the Kentucky Library visitors are at once attracted to three handsome portraits. These are of men of note in the Confederacy during the War Between the States.

**General John Cabell Breckenridge**, a lawyer, soldier, and Statesman, was born January 21, 1821, near Lexington. He was liberally educated, graduating at Centre College, Danville; he also studied law at Transylvania University. In 1849 he was elected to the Kentucky Legislature in Fayette County, and from that time he rose rapidly into public distinction; in 1851 he was elected to Congress. In 1856 he was nominated for the Vice-Presidency and was elected with Mr. Buchanan, being the youngest man who had ever filled that position.

In the fall of 1861 he resigned his position from the Senate, and threw himself on the side of the South. He was appointed Brigadier-General and placed in command of a brigade at Bowling Green, under Albert Sidney Johnston.

After the collapse of the Confederate Cause, he escaped from Florida to Cuba, and from there went to England and Canada. After returning to his home, at Lexington, he lived in perfect quiet, so far as the political events of the day.

Breckenridge descended from a family distinguished in the annals of Virginia and Kentucky. He was, physically, a noble specimen of manhood; his features were classical, his head intellectual, and his figure at once elegant and commanding.

There never was an instance, in the history of this country, where a citizen was so rapidly advanced on the ladder of political eminence.

**Admiral Raphael Semmes**, the second portrait is of Admiral Raphael Semmes (September 27, 1809-August 30, 1877) Naval officer and author was born in Charles County, Md.

Semmes became a commander on September 14, 1855 and resigned from the United States service on February 15, 1861.

Semmes then joined the Southern forces and gave his views on Confederate defense.

In January 1865, Semmes was assigned as a Rear Admiral to the

command of the James River Squadron.

**Gov. Isham Harris** The third is of Governor Isham Green Harris of Tennessee, February 10, 1818-July 8, 1897. Governor Harris was born near Tullahoma, Franklin County, Tennessee. As a young man Harris studied law and in 1841 was admitted to the bar. He was elected to state senate in 1847, and was elected governor of Tennessee.

When Fort Sumter was fired upon and Lincoln called for volunteers, Harris spurned the call and assembled the legislature of Tennessee to push through two ordinances, one declaring Tennessee independent, the other providing for union with the Confederacy.

When the war ended Harris fled to Mexico with a price on his head. In 1867 he returned to Memphis where he resumed the practice of law.

These portraits in oil were painted by E. P. Andrews about 50 years ago. Mr. Andrews was an artist of National reputation, and was the first director of the Corcoran Art Gallery in Washington, D. C.

The story of how these came to be placed in the Kentucky Building is an interesting one. Keith Chioe of Covington was a student at Western soon after the opening of the Building, and brought his father to see the collection. Mr. Chioe recalled that in the attic of the City Hall at Covington there were some old portraits. These had been painted years before to be placed in the Confederate Hall of Fame in Atlanta. The funds were never realized to pay for the eleven portraits painted, and these were stored in Covington. All except the three had been otherwise disposed of, and Mr. Chioe prevailed on those responsible to place them here in the Kentucky Building at Western.

### 2385 Summer Visitors

Although the Kentucky Building was closed through the six weeks of vacation, records show that 2385 visitors have gone through the Museum. These tourists came from 33 states, Argentina and Hawaii. It is surprising to note that there were visitors from 253 different cities and towns in Kentucky.

Research workers in the Kentucky Library over this period used 2,774 books.

## Debaters Elect

**PRESIDENT** of the Congress Debating club is Leonard Curry, who reports tentative plans for inter-collegiate debate during the school year. Curry is also editor of Western's yearbook, the Talisman.

## Campus Gets New Lighting System

Installation of a modern and comprehensive lighting system for the campus will be completed tomorrow in time to be used for the Western-Marshall football game.

The first section of campus lights, located along the walkways and drives and mounted on iron standards, was completed in 1949. The first group consists of 34 lights. The installation of the second section consisting of 26 units was started during the early days of September and is virtually completed.

The new system provides adequate light all over the campus and has eliminated a number of temporary and unsightly lights which formerly were strung in trees.

The new lighting system, all of which is connected by underground conduit, was installed under the supervision of Ed Knauer, college electrician; and his assistant, C. E. Golins.

## Four Cheerleaders Chosen For Year

Four cheerleaders were selected in chapel Wednesday, Sept. 27. The year's yell leaders were chosen from a field of fifteen candidates.

Elected by applause were Bette Leathers, a junior from Lexington; Bob Archibald, a sophomore from Ft. Knox; Nancy Cardin, a sophomore from Princeton; and Jim Nicholson, a freshman from Louisville.

## Dodson Takes Job As Director Of KEA Public Relations

Marvin Dodson, AB'40, MA'43, has assumed the position as director of public relations for the Kentucky Education Association.

A native of Bonniwell, Mr. Dodson began teaching in one-room schools in Hart County 17 years ago. He served as principal of Bonniwell High schools and as superintendent of Horse Cave schools. Mr. Dodson is presently working toward his Ph. D. at the University of Kentucky.

"The fate of the KEA will rest in the hands of the public relations director," declared C. D. Redding, Frankfort, a KEA board member.

Duties of Mr. Dodson, as recommended by a committee headed by James F. Alton, Vine Grove, a direc-

## Dr. Willey Attends Northwestern Meeting

Dr. W. M. Willey of the education department attended a conference held August 7 through 25 at Northwestern University, Evanston, Ill.

Practically every state in the Union was represented. Dr. Willey was the Kentucky representative. Hawaii, Japan, Germany, and the Virgin Islands were represented.

The conference dealt with parent and teacher leadership. It was held at the John Evans Center on the campus of Northwestern.

tor, will include the development of a wholesome, working relationship with the press, editing a monthly school bulletin, promoting better schools, working closely with public officials and conducting research.

## Book Marks

A five-volume set of "The Talmud" has been donated to the college library by Jake Pushin, local citizen, in memory of his brother, Ben Pushin, who died last year.

"The Talmud" is a collection of Jewish civil and religious laws dating back to the fourth and fifth centuries. It is written in both Hebrew and English, arranged in parallel volumes.

**MARCO POLO'S** book on his travels in Asia was the first book ever written about that continent by an outsider. Since that time Asia's people and their strange customs have been the object of much study.

With the Korean war situation as it is today, interest in books on Asia continues to grow. Following are some books which will help enlighten your knowledge of the present situation, in Asia: "Inside Asia," by John Gunther; Bruno Lasker's "New Forces in Asia," "No Peace for Asia," by H. R. Isaac; "The Situation in Asia," by Owen Lattimore; H. L. Moore's "Soviet For Eastern Policy;" and R. S. Word's "Asia for the Asiatics."

Also in the library are books on the individual countries of Asia.

**HOW MIGHT** instruction in arithmetic be improved? This question is alive today in the minds of hundreds of Americans, especially teachers.

Each year since 1946, conferences on this have been held at the University of Chicago. Accounts of the discussions in these conferences are published under the sponsorship of the Conference on Arithmetic and are received by your college library. These discussions should be of special interest to future mathematics teachers.

**WHEN YOU** finish college you will probably be looking for the right job for you and will want to keep it. If so you will be interested in a new book by Ruth H. Larson, "How to Get and Hold the Job You Want."

## Venable Appointed To Murray Faculty

Thomas C. Venable, AB '46, MA '47, has been appointed to the faculty of Murray State College.

Mr. Venable, who has completed work on the Ph. D. degree at Peabody College, will teach the classes of Dr. E. J. Carter, head of Murray's education department, who has been granted a year's leave of absence to teach in North Carolina.

## PMSG&T Promoted

Lieutenant Colonel Glenn A. Sikes (former Major) professor of military science and tactics, received the promotion to lieutenant colonel this summer.

Colonel Sikes, a graduate of West Point, served several years in Europe during World War II. This is his fourth year at Western, having been assigned here July 23, 1947.

Mr. L. T. Smith, head of the industrial arts department, went to Atlanta, Ga., during the week of September 20.

The direct interview story was first used by Horace Greeley.

## Sophomore Dies Of Meningitis

Funeral services for Miss Frances Fehrlie, 19-year-old Western sophomore, were held July 4 in the Franklin Methodist church in Franklin.

Miss Fehrlie, daughter of Mr. and Mrs. George Fehrlie, of the Providence community in Simpson County, died Saturday night, July 1, at Vanderbilt hospital in Nashville.

A 1949 graduate of Franklin-Simpson High school, Miss Fehrlie entered Western last fall. Attending summer school here she became ill the afternoon of June 28. Two days later she was admitted to a Franklin hospital for treatment. When her condition became worse July 2, she was rushed to Nashville. She died shortly after being admitted to Vanderbilt hospital.

Attending physicians attributed death to pneumonia and meningitis.

Mrs. S. C. Hutcheson, assistant librarian, was elected corresponding secretary to the Society of the Presbyterian Church, U.S.A., at the state meeting of the Synodical Society in Danville, September 12-14.

## Alumni News

By Bill Ford

Carolyn Boyd, AB '50, who this summer attended the Institute of Logopedics, University of Wichita, Wichita, Kansas, was a visitor at Western the early part of September.

During the month of July Miss Boyd was an assistant in the technical library of the institute. In August she had full charge of this library.

Miss Boyd stopped at Western while on her way to Florida State University, Tallahassee, where she enrolled in the School of Library Service for graduate study.

Damon Wedding, BS '43, visited the campus recently. Mr. Wedding is Service manager for the Pontiac Division of General Motors, located at Omaha, Nebraska.

Lt. Commander and Mrs. C. D. Conyers, Naval Air Station, Kwajalein, Marshall Islands have announced the arrival of a baby girl, Cecily Ann, on July 31, 1950.

Mrs. Conyers will be remembered as Roxie Gibbs, a Western graduate

and former member of the music faculty at the Training School.

On the birth announcement Mrs. Conyers wrote that they enjoyed reading the Herald.

Always there will be found a number of former Westerners at the Western ball games. Two in particular I noticed at the Western-Howard game were Larry Stone and Ralph Utley. It is very seldom that these two miss a Western home game.

Mr. Stone and Mr. Utley are the publishers of the Times-Argus and the Messenger in Central City.

Clive Donoho, former student at Western, is now attending the University of Kentucky, where he is continuing his studies in agriculture.

Donald Ray Reddick, BS '50, and Harry Wayne Shaub, BS '49, both of Portland, Tenn., were to have reported for induction into the armed forces yesterday.

Robert E. Grantham, former student at Western, now residing at his home in Portland, Tenn., will report for induction into the armed forces today.

Billy Hugh Lane, former student at Western, has accepted a position with the Tennessee Gas and Transmission Company of Dallas. He is attached with the personnel of Pumping Station No. 11 near Portland.

## Mr. Taylor Judges At Brownsville Fair

Mr. Charles L. Taylor, head of the agriculture department, attended the Brownsville community fair, Friday, September 22, where he served as a judge of farm displays.

Mr. Taylor was especially pleased with the farm displays of tobacco, corn, and Kentucky 31 fescue. He expressed satisfaction at the large number and quality of farm displays and attributed the improvement over previous displays to the large number of veterans enrolled in farm classes.

Miss Sibyl Stonecipher of the Latin department spent her summer vacation touring Switzerland, Austria, Germany, and Holland.

## Musical Notes

By Edith Love Hawkins

Here we go again! School of a music major or minor is spelled with a long series of concerts, recitals, band marchings, and chorus singings. But don't think this is a sob story. They love it—late hours, roll checkings, and all.

"I know that He shall rejoice with Zion." If you're not very careful this is the confused impression you'll receive as chorus and soloists begin work on the bi-annual production of Handel's "Messiah." But there is one thing not in the least confusing. That is the fact that everyone will enjoy working on such a notable work.

Table were turned last Thursday evening when the first recital of the year featured faculty members as performers and students as audience. As a rule, the faculty merely sits comfortably while their pupils do all the work. Secretly, we believe the instructors enjoyed displaying their obvious talents.

The usual order of things will prevail in October, though. A student recital is in the offing.

Earl Petty and Bob Miller, both of whom would have been senior music majors this year, are classmates at a different school. It seems Uncle Sam breathed a come-hither sigh, and the two responded. Both have been accepted by the Navy School of Music at Washington.

Dr. Gunderson is to be a judge of the Tennessee State Marching Band Contest. It is to be held in Tullahoma, Tennessee next week.

As usual at the beginning of a school year, there are some old faces missing, and there are some new ones to compensate for, if not to replace, them. New this year is the pastel color scheme of a building which sparkling new signs tell us is MUSIC HALL. Here's hoping this year will be as bright as the redecorations.

Mr. L. T. Smith, head of the industrial arts department, spent the summer visiting school shops and industrial departments in a number of the southern states.

## Campus Interviews on Cigarette Tests

### Number 3...THE FLICKER

"One question...  
Where do I flick  
my ashes?"

Don't think our neat-pleated friend with the drape-shape doesn't know the score! He's plenty hep to all those tricky cigarette tests! If you're in the groove, they're not fooling you, either. You know, from your own smoking experience, that just one puff of this brand ... then one puff of that brand isn't going to give you the answer you want. What can you possibly tell by a quick inhale and exhale, a whiff or a sniff?

The sensible test — the one that gives you the proper answer — is a day after day, pack-after-pack tryout for 30 days. It's the Camel 30-Day Mildness Test! You judge Camels for 30 days in your own "T-Zone" (T for Throat, T for Taste) — the real proving ground for a cigarette. Once you've tested Camels as a steady smoke, you'll know why...

## You And The Draft

# Student Draft Regulations Explained

By Chester L. Hollins

How does the draft affect you, the college student? A partial answer to this question is contained in bulletins received from Lewis B. Hershey, Selective Service director.

In recent releases sent by his office to the Herald, the following information was included.

### College Deferment

"Local boards may consider the following conditions when all three exist in the case of any registrant as warranting consideration for occupational deferment:

- (1) The registrant has completed at least one academic year of a full-time course of instruction at a college, university or similar institution of learning.
- (2) The college or university at which the registrant last completed an academic year of a full-time course of instruction certifies that the registrant's scholastic standing placed him among the upper half of his class.
- (3) The local board is satisfied by the record of the registrant's actions in making normally required arrangements that he had fully intended prior to August 1, 1950, to enroll in a full-time course of instruction at a college, university or similar institution of learning for the academic year ending in the Spring of 1951.

### On Graduate Students

"A full-time graduate student may be considered as having met conditions (1) and (2) above if it is certified by the college that in his last UNDERGRADUATE year of a full-time course of instruction the registrant's standing placed him among the upper half of his class. GRADUATE students frequently hold part-time assistantships in teaching or research as a normal requirement in the graduate educational process. When an assistantship in teaching or research is a REQUIREMENT in the course being taken, the graduate student qualifies as a full-time student.

"In the case of a registrant meeting the above conditions to whom an order to report for induction has been taken, the graduate student qualifies as a full-time student.

"In the case of a registrant meeting the above conditions to whom an order to report for induction has been issued, the local board is hereby authorized by the Director under that power granted him in Section 1625.2 of the regulations to reopen the case for reconsideration."

The law requires all male persons to register with the Selective Service System within five days after their eighteenth birthday, regardless of where they live. The person on becoming eighteen should register with his local board, that being the Selective Service Board nearest his home.

In case of a student away from home attending school, he may register with the local board nearest the school and request that his registration be forwarded to his home board.

### Draft Board Rules

Anyone who has previously received a classification card has a Selective Service number on it. This number should always be used in any correspondence with the Selective Service board.

A person should at all times keep his home board informed of any change of address. Any notice mailed out from the Selective Service board is regarded as active regardless of whether the registrant receives it or not. He should also notify the board if he marries after the date on which he registered, as this would change his classification and put him in the group with dependents.

A person upon receiving a notice of induction from his Selective Service board may report immediately to another board and request a transfer from the board where request of transfer was made.

Persons born before August 31, 1922 are not required to keep their local board informed of change of address. Their records have been stored and the local board has no information on them.

If anyone desires information regarding his standing with the Selective Service System, he should contact his local board.

## Training School Notes

There has been a reduction in enrollment of the Western Training School for 1950-1951.

This has been caused by the completion of the Warren County High school. Pupils who, for the last several years have been transported by the Warren County Board of Education to the Training School, are now going to the new high school.

Four hundred and ten pupils are now enrolled in the large Training school and 28 pupils in the Rural Training school. 106 people are doing directed teaching in the Training School this year.

Dr. C. H. Jagers, director of the Training School, attended a teacher's meeting at Mammoth Cave on September 24.

Miss Bernice Wright, teacher of mathematics, and Miss Ethel Brannard, fifth-grade teacher, attended an education meeting at Albany, Ky. on September 29 and 30.

This year, Miss Gertrude Bale is teaching public school music in the elementary grades of the Training school.

Margaret Bird spent the summer with her father in Loudon, Tenn. She worked as secretary to her father in the county agent's office in Loudon.

**CHORUS OFFICERS ELECTED**  
Officers were elected by the College chorus for 1950-'51, October 2, were: Elmo Barry, president; Wanda White, vice-president; Dickie Sue Rainey, secretary-treasurer; Gene Lawton and Jo Ann Dent, librarians.

## Graduates Head Programs In Peru And Bolivia

Dr. Raymond C. Gibson AB'32 MA'36, and E. W. Belcher, AB'32, MA'36, have been appointed to the Institute of Inter-American Affairs.

This Institute operates under the Point 4 system, a program of aid to underdeveloped countries. Its purpose is to promote friendship among nations and peoples of the Western Hemisphere.

Dr. Gibson was appointed to head an educational field party to Peru. He left August 12, going first to Ecuador and then to Peru.

Dr. Gibson, 40, a native of Clarkson, received his Ph. D. degree from the University of Wisconsin. Between 1932 and 1938 he was a high school principal at Yeaman, Pellville and Brandenburg.

Prior to the South American appointment he was president of a teachers college branch of the University of Minnesota at Duluth.

Mr. Belcher has been appointed "second in command" of the group going to Bolivia. He will be an adviser in education to the Bolivian Ministry of Education to improve

their teacher-training program.

Mr. Belcher, a native of Simpson county, taught in his home county from 1927 until 1934 when he moved to Louisville. Since then he has taught at Hallack Hall, Shawnee, John Marshall, Stephen Foster and George D. Prentice all in Louisville. Since 1945 he has been principal of Theodore Roosevelt School in Louisville. He has also taught an education course at the University of Louisville.

He will leave Louisville October 15 for two weeks of orientation in Washington. He then plans to return to Louisville, collect his family and fly to La Paz.

### Has Radio Series

Dr. A. M. Stickles, head of the boy department, is broadcasting every Sunday at 1 p.m. over WLBJ. He talks on important national and international current events.

**Major Pace Recuperating**

Major William N. Pace, professor of air science and tactics, Air ROTC is in the hospital at Godman Air Force Base recovering from a back injury received Sept. 5, in a landing crack-up.

Captain Allan P. Adair, who was flying with Major Pace said that normal application of the brakes was applied as the plane was taxiing to the end of the runway at the local airport. The brakes of the T-7 then locked and the plane nosed over.

Fearing that the plane might catch on fire, the two officers were forced to jump to the ground from the rear door which was approximately 12 feet from the ground.

Major Pace, who was still wearing his parachute, fell backwards as he hit the ground and as a result two vertebrae were crushed and another was cracked. He was immediately taken to the local hospital, and was moved to the hospital at Godman the following day.

Major Pace is expected to be absent from his duties for approximately five or six months.

Evelyn Bailey attended the Tennessee State Fair in Nashville the night of September 23.

## More Than Thousand Sign Freedom Crusade Scroll

The Crusade for Freedom, a national drive led by Gen. Lucius D. Clay, got underway at Western on registration day.

Kelly Thompson, assistant to President Paul L. Garrett, is the chairman for the Crusade for Freedom in Warren county. He stated that here and all over the nation the Crusade has been an overwhelming success.

### County Quota Exceeded

The quota of 4,000 signatures for Warren county has been far exceeded, and Mr. Thompson predicted that the contributions now being received by his office would make an excellent showing for the county. More than 1,000 students have taken part in this campaign for world freedom by signing the Freedom Scroll and about \$30 in small-coin donations to the Crusade have been made. Each Scroll contains the Declaration for Freedom and spaces for 50 signatures.

Signatures of the Freedom Scroll will be permanently enshrined in the base of the Freedom Bell in Berlin. This bell and the scrolls will stand as a symbol to the peoples throughout the world that Americans are vitally interested in freedom.

### Expression For Freedom

General Clay, the national chairman, defines the Crusade as a spiritual airlift. The General added, "By working together, we can all help to put freedom and the free world on the offensive."

All contributions to the Crusade help maintain Radio Free Europe, an independently operated radio station in Western Europe which answers Communist propaganda by beam-

ing the truth to the people inside the Iron Curtain. The station went on the air last July 4 and since that time has been on the air six hours a day, seven days a week, with native language broadcasts. Contributions will also be used to expand this station into a world-wide network of stations fighting in the war of words.

The 10-ton Freedom Bell will be dedicated in Berlin on United Nations Day, Oct. 24. The first clasp of the Freedom Bell will be carried by radio to free peoples everywhere. Simultaneously, bells will ring out all over America and throughout Western Europe in a dramatic demonstration of unity for freedom.

## Attends Conference

Registrar E. H. Canon attended a meeting September 29 of the Executive Committee of the Association of Kentucky Colleges and Universities at Frankfort.

He has been made chairman of the nomination of officers committee for 1950-51.

### INFORMATION NEEDED

The Herald office has reports of approximately 28 weddings which occurred during the summer, but as details are lacking, they could not be published in this issue. Anyone knowing of weddings which have not been reported here, is asked to bring the information to Kelly Thompson's office in Van Meter hall.

## Band Director

Allen R. Sigel

Allen R. Sigel, who holds degrees from the University of Iowa and the Eastman Conservatory, has been named director of the Western band, and woodwind teacher. He formerly served as band leader at the Iowa City high school and at California State College, Fresno.

For the past two years Mr. Sigel has been solo clarinetist with the Buffalo Philharmonic orchestra, under the direction of William Steinberg.

Mrs. Sigel, a native of California, is a professional violinist. Mr. and Mrs. Sigel and their two children are now residing on Park street in Bowling Green.

## Dr. Paul Terrell Heads Geography Department

Dr. Paul Terrell, B.S.T., a native of Allen county, was appointed head of the geography-geology department at the beginning of the fall semester.

In 1941, Dr. Terrell received the M.A. degree in geography from George Peabody College for Teachers in Nashville. He received the Ph.D. degree in geography from Clark Uni-

versity, Worcester, Mass., in June, 1949.

Dr. Terrell has been active in the teaching field since his graduation from Western 15 years ago. He taught in the Tennessee high school system from 1937 until 1942, serving as principal of Whitehouse, Tenn., High school.

During 1942 and 1943, Dr. Terrell was an instructor in the Army Specialized Training program at Louisiana State University. In 1943 he returned to Oak Ridge, Tenn., High school where he taught history and geography until 1946, when he joined the faculty of the University of Florida as assistant professor of geography.

Dr. Terrell fills the vacancy which has existed since the death of Dr. Judson R. Griffin, former head of the geography-geology department, on March 25.

The new department head is a member of the American Association of Geographers, The Alabama Academy of Science, The National Council of Geography Teachers and numerous other geographical societies for instructors.

Dr. Terrell and his wife, the former Miss Elizabeth Neil, will make their home at 740 Nutwood Avenue.

## Music Faculty Gives Recital

The Western music department presented its initial faculty recital of the year at 8:15 p.m. on September 28.

Participating in the recital, which was given in the choral room of the music hall, were Mrs. Claude Rose, violinist; Claude Rose, pianist; William Baxter, baritone; Miss Gertrude Bale, piano accompanist; Mrs. Allen Sigel, violinist; Allen Sigel, clarinetist, and Mrs. Henry Baird, pianist.

The Western faculty string quartet, which is composed of Adon Foster, first violin; Mrs. Hugh Gunderson, second violin; Rogers Magee, viola, and Miss Emily Porter, cellist, also was heard in two numbers. The program featured selections from Handel, Brahms, Milhaud, Prokofiev, and Haydn.

The Western music department gives many recitals during the school year, to which the public is invited.

## Poetry Contest Deadline Nov. 5.

The National Poetry Association has announced the seventh annual competition of college students poetry. Closing date for submission of manuscripts by all college students is Nov. 5.

Any student attending either junior or senior college is eligible to submit his verse. There is no limitation as to form or theme. Shorter works are preferred by the Board of Judges, because of space limitations.

Each poem must be typed or printed on a separate sheet, and must bear the name and home address of the student, as well as the name of the college attended, and the college year.

There are no fees or charges for either acceptance or submission of verse. All work will be judged on merit alone.

Manuscripts should be sent to the offices of the Association, National Poetry Assn., 3210 Selby Ave., Los Angeles 34, Calif.

Mr. and Mrs. Russell Leslie visited Mr. Leslie's parents in West Palm Beach, Florida, after the adjournment of summer school in August.

# Toppers To Meet Marshall After Evansville Deadlock

By A. Tucker and G. Hunter

Western emerged from the second go of the season in a 7-7 deadlock at Bosse Field with Evansville College, in Evansville, Saturday, Sept. 30.

In a hotly contested OVC tilt under the lights, the Hilltoppers cashed in on an early scoring opportunity produced by Topper guard Owen Blanton's block of Joe Unfried's kick on his own 30.

## Western Scores

The alert lineman scooped up the live ball and moved it three yards closer to the diagonal stripes. In two tries Sam Short reduced the needed yardage to 18, which full-back Willie Watson furnished on the next play in a flank attack. Butch Gilbert booted the vital extra marker.

The score remained 7-0 at the intermission, which came on the heels of a Western score that was nullified by a penalty.

In the third period Max Stevens robbed an intended Ace receiver of a pass on the Western 40 and made his way to the opposition 37. Nothing materialized and the Aces took over once again, only to lose a fumble to end James McChesney.

Watson picked up a first down to put the ball on the Evansville 8. Short added two and Watson reached the 3 on the following play.

## Penalties Hit Hard

It was then that another of that total of seven-fifteen yard penalties, that plagued the Hilltoppers throughout the evening, was levied, to push the ball back to the 18. Western had lost another scoring chance. This time penalties were even more expensive to the Toppers.

As the Aces took possession on their own 19, another 15 yards were contributed to their cause, on an infraction. Taking to the air, as they did frequently in the latter part of the game, Evansville, in two installments moved to the Western 32. Another disastrous 15 yards were forfeited by the Toppers for unnecessary roughness.

The Evansville airborne assault moved on with another completed heave coming to rest on the Western 10. Then the Aces moved on to the ground to the 2.

## Evansville Ties

The 32 yard attack supplemented by a 45 yard advance on penalties.

culminated in an Evansville score as Jerry David crashed over. David then kicked the point to knot the score at a final 7-7.

The nullified Western score came in the first half after Bob Elmer stole an enemy pass on the Aces 30. The Western attack spearheaded by Watson drove to pay dirt with Watson cracking the line of Coach Don Ping's Purple Aces for the score. But it was to no avail. The officials declared the tally void as the result of a backfield-in-motion penalty against the Hilltoppers.

Two more five yard assessments in succession barely left Western with time for the unsuccessful field goal attempt by Butch Gilbert.

In the last quarter Evansville threatened twice, once being halted at the two yard line by a Western

# ROTC Volleyballers Win Benning Tourney

The B company volleyball team composed almost entirely of Western students at the summer camp at Fort Benning, Ga., won the volleyball championship there this summer.

The team, consisting of James I. Perkins, captain, James C. McChesney, William W. Spugnardi, and Joseph A. Jake, swept past all opposition and succeeded in capturing the coveted championship for their organization.

# Topper Line Play Touted

The football fans who follow the ball miss some of the game's most torrid action—the feints, parries, thrusts of opposing linemen.

Western's most consistently outstanding play so far this year has been in the line where the Hilltoppers pose three All-OVC candidates: Guard Roy Hina and Tackles Joe Talley and Hoyte Threet.

Threet is the thruster, Talley parries and Hina combines both with an accomplished feint.

Line Coach Frank Griffin doubts there is a better pair of tackles in the league than Threet and Talley. He thinks Hina may be the top all-around lineman in the conference.

Griffin suggests that the fans attending the Hilltopper-Marshall game here Saturday night lend an eye to the linemen, Hina, Threet and Talley in particular.

The Toppers are counting on these three to play big roles in the containment of Marshall's split T attack.

Western's main worry will be Quarterbacks Ogden Thomas and Ken Wheeler, a pair of 190-pounders who run with the ball almost as often as they keep it.

Western's offense was in high gear yesterday, the varsity clicking for more than a dozen touchdowns against the Mustangs. Quarterback Jimmy Feix had one of his best passing afternoons in two years.

One of his prime targets, big and fast End Henry Cowan, may muscle his way into the starting line-up. He has turned in improved performances all week. Cowan possesses the speed to outrun an average college secondary and can aid considerably in beefing up the aerial game.

# Western Turns Back Howard 13-0 In Season Opener

Coach Jack Clayton's Toppers opened the 1950 grid season September 23 by turning back the Howard Bulldogs of Birmingham 13-0 before a scattered 2500 fans in Western's stadium.

During the scoreless first half, Western tore deep into enemy territory twice, the latter thrust halted within the Howard five yard stripe by the signal ending the period. Coach Earl Gartman's Bulldogs failed to register a first down in the former half of the ball game as Western rang up six.

## Elmer Scores

Early in the third quarter, Bob Elmer received a long punt from deep within the heart of the Howard end of the field and powered his way, with effective blocking from his mates, the required 58 yards to pay dirt. Butch Gilbert's attempted conversion went wide of the mark.

The second Western tally came in the fading moments of the third quarter as Gene McFadden slipped through the slot opened at right guard and romped 61 yards for the six pointer. Gilbert, switching once more from his center post for the occasion, this time split the up-rights with the placement kick, bringing the score to its conclusive 13-0.

The men of Clayton, while conducting a successful ground as-

sault, were unaffactive in the air, completing only one of twelve aerial attempts. Howard's Bowden, in an equal number of efforts, found receivers for four of his tosses, thereby gaining an aggregate of 67 yards.

## Freshmen Look Good

Freshmen Bobby Bilyeu, in his debut with the Red and Gray, turned in a fine performance, shifting and spinning his 145 pounds through the opposition for an average of better than 10 yards for each time he hugged the leather. In addition it was the diminutive Bilyeu who snagged the lone completed pass for the Toppers, Larry Scott, also in his first grid appearance at Western, distinguished himself.

Scott, a product of Portsmouth, Ohio, caught the Bulldog backfield off balance in the opening minutes of the fracas with a long quick kick from just behind the line of scrimmage, extricating his team from a dangerous situation and handing it the initiative. This was just the beginning of a strategic and distance punting assignment Scott fulfilled with a proficiency that netted him a respectable 40.1 yard average.

The Western line, led by bulwarks Hoyt Threet and Roy Hina, and

In these presentations, all net receipts go to bring to Western the finest artists available.

Community Concerts at Western during the past six years have been termed a great success. Last year's 2600 memberships were sold to citizens of Bowling Green, Smiths Grove, Beaver Dam, Hartford, Glasgow, Scottsville, Franklin, Russellville, Morgantown, Horse Cave, Auburn, and Cave City, as well as to the hundreds of students in Western, the Business University, and local high schools.

Grand Opera Opener

This year's series of four concerts will open with an operatic production of "La Boheme", the 1950-51 offering of the Charles Wagner Opera Producing Company of New York City.

"La Boheme" will have a brilliant cast; adequate chorus; magnificent stage settings, costumes, and lighting; and an orchestra of thirty musicians. The entire production will appear in Ryman Auditorium, Nashville, and Memorial Auditorium will be directed by Ernesto Barbi, of the Metropolitan Opera Company. "La Boheme" will appear in Ryman Auditorium, Nashville, and Memorial Auditorium, Louisville. S. Knoxville, Chattanooga, Memphis, and Evansville.

Since last year's concerts were a sellout and a much costlier program is offered this year, every indication points to a quick sellout of Van Meter auditorium. Mr. Hill advises that students buy tickets early to insure themselves memberships.

Only members of Community Concerts are admitted, and no seats for any attraction can be bought after the membership campaign closes.

backed by Dewey Smith, did an excellent job defensively. Frank Groschelle, the six foot five-inch center who weighs in at 271, effectively shielded the T formation handoffs of the quarterback.

For its second contest Western is scheduled to grapple with Evansville College at Evansville next Saturday.

Art Gallery Plans Series

A series of exhibits from New York and by former students will be shown in the art gallery, third floor of Cherry hall, throughout this year.

The department will also exhibit their own collection and film strips. All students and town people are invited to attend.

During the summer, Miss Ruth Hines Temple, head of the art department, visited the art colony at Saugatuck, Mich., and the summer school of painting at Oxbow, a few miles from Saugatuck.

On returning to Kentucky Miss Temple visited the John Herron art gallery at Indianapolis.

forewall that was rugged and determined throughout.

Rough Game Predicted

Tomorrow night's OVC clash with Marshall promises to be difficult. Frank Griffin, Western line coach who has scouted the Marshallites reports, "It'll be as rough as any game on our schedule. They're big and they're tough; And they'll be loaded for bear."

As to the last remark, Griffin was alluding to the fact that Marshall has lost two OVC trials this season and must fight for survival in the division's upper ranks.

Western again will be without the services of the swivel hipped, change-of-pace artist, Don Chapman who is still inactive with a sprained ankle. It is also doubtful if Gene McFadden, who has an injured hip, will see action.

Sociologist Booked For Department Talk

Dr. Howard W. Beers, head of the rural sociology department of the University of Kentucky, will be the chief speaker at the social science division of the Third District Educational Association, on October 1.

Dr. Beers' subject will be "A glimpse of Greece. Slides will be used to illustrate his talk.

Ramsey With ROTC

Lieutenant Richard C. Ramsey of Lexington is with the Army ROTC for 45 days active duty training.

Mr. Ramsey is a graduate of the University of Kentucky and received his master's degree there in 1930.

ILLNESS ENDS IN DEATH FOR DR. BILLINGS

1926 and organized the psychology department in 1929. He had been at the college continuously for 24 years except for one year 1931, when he completed work on the Ph. D. degree at the University of Michigan.

He was a member of the Bowling Green Kiwanis club, serving as president of that civic organization in 1935. On several occasions, he was district chairman of Community Chest programs and was city chairman in 1949.

He served several times as a Boy Scout adviser and was, for two decades, a member of the Salvation Army board of directors here.

For 12 years, he was chairman of the Bowling Green Parks and Playgrounds Committee. During World War II, he was head of the USO here.

Active In Education

Dr. Billings took an active part in several educational organizations. He was a past president of the Schoolmasters club, vice president of the Kentucky Academy of Science in 1949-50, and held memberships in

the American Psychological Association and in the National and Kentucky Education associations.

In 1948, the educator was named by Gov. Earle C. Clements as one of three men to certify as licensed practicing psychologists in Kentucky.

He also was worthy patron of Park City Chapter No. 128, Order of the Eastern Star, and held memberships in Grand Commandry of the Knights Templar of Kentucky, the Rishpah Temple, AAONMS, of Madisonville; the Mount Pleasant, Mich. Chapter No. III, Royal Arch Masons, and the Wabon Lodge No. 305, F&AM, at Mount Pleasant.

Dr. Billings married Miss Ethel Florence Martin of Cass City, Mich., September 13, 1910.

In addition to his widow, surviving are two daughters: Mrs. Robert W. Scott, Coffeyville, Kan., and Mrs. Harry B. Wood Jr., Columbus, Ohio; one brother, A. D. Billings, and a sister, Mrs. B. D. Eggleston, both of Adrian, and three grandsons.
